

# Roche Science Day

## From Idea to Medicine

At Roche, our success is built on innovation, curiosity, and diversity - multiplied by 94,000 professionals in 100 countries.

By challenging ourselves and conventional thinking we've become one of the world's leading research-focused healthcare companies.

The Roche Science Day gives you the opportunity to gain an exclusive insight into how Roche Pharma Research and Development (Roche pRED) drives innovation.

You will meet highly recognized researchers at the Basel headquarters and experience Roche pRED first hand.

- **Date:** October 9, 2017
- **Location:** Roche Innovation Center Basel
- **Start:** 09.00 a.m.
- **End:** 02.30 p.m.

We are looking forward to your visit.

If you have a question please send an e-mail to [swiss.early\\_in\\_career@roche.com](mailto:swiss.early_in_career@roche.com).

*Make your mark.  
Improve lives.*

# Roche Science Day – From Idea to Medicine

## Agenda October 9, 2017

- 08.30 - 09.00      **Registration and Welcome**
- 09.00 - 09.10      **Welcome and Introduction**  
Dr. John C. Reed, Global Head of Pharma Research & Early Development (pRED) and Member of the Enlarged Corporate Executive Committee
- 09.10 - 09.20      **This is pRED**  
Dr. Matthias Nettekoven, Principal Scientist, Medicinal Chemistry
- 09.20 - 09.50      **Diseas Therapeutics Areas (DTAs)**
- 09.20 - 09.30      Brain Shuttle  
                            Dr. Per-Ola Freskgard, Expert Scientist Neuroscience Discovery
- 09.30 - 09.40      HBV LNA program  
                            Dr. Timothy Tellinghuisen, Discovery Area Leader, ID Discovery group, I3 DTA
- 09.40 - 09.50      Oncology  
                            Dr. James Bischoff, Global Head of Molecular Targeted Therapy - Discovery Oncology
- 09.50 - 10.10      **Large molecule drug discovery**  
                            Dr. Stefan Weigand, Global Head Large Molecule Research
- 10.10 - 10.30      **Small molecule drug discovery**
- 10.10 - 10.20      Hit finding / Lead identification  
                            Dr. Sara Cortese, Global Head of Chemical Biology
- 10.20 - 10.30      Lead optimization  
                            Dr. Patrick Schnider, Expert Scientist, Medicinal Chemistry
- 10.30 - 10.50      **Oligonucleotide drug discovery**  
                            Dr. Bo Hansen (MBA), Global Head of RNA Therapeutics and General Manager of Roche Innovation Center Copenhagen
- 10.50 - 11.05      Break**
- 11.05 - 11.10      **Setting the science**  
                            Dr. Matthias Nettekoven, Principal Scientist, Medicinal Chemistry
- 11.10 - 11.30      **Technical development of Small molecules and Oligonucleotide**  
                            Dr. Remo Gamboni, Global Head preclinical CMC
- 11.30 - 11.50      **Drug metabolism/Pharmacokinetics**  
                            Dr. Lisa Benincosa, Global Head DMPK Development
- 11.50 - 12.10      **Drug safety / toxicology**  
                            Dr. Annie Moisan, Principal Scientist at Roche Pharmaceuticals
- 12.10 - 12.30      **Modelling / systems pharmacology**  
                            Dr. Thiery Lave, Head DMPK and TOX Project Leaders and Modeling and Simulation
- 12.30 - 12.50      **Biomarkers**  
                            Dr. Corinne Solier, Global Head of Translational Technologies and Bioinformatics
- 12.50 - 13.40      Networking Lunch (with Roche colleagues from pRED)**
- 13.40 - 14.00      **Partnering / Business development**  
                            Dr. Maria Bobadilla (MD), Innovation Partnering, Senior Director
- 14.00 - 14.30      **Pathway studies in Pharma: A personal guide**  
                            Dr. Johannes Mosbacher, Business Interface Officer
